LEVY, MANEUVER, CONQUER
The politics of the high courts are elegant, shad-owy, and subtle. Not so in the outlying duchies. Rival dukies contend for unclaimed lands far from the king’s reach, and possession is the law in these lands. Use your forces to adapt to your opponent’s strategies, capturing enemy troops, before you lose your opportunity to seize these lands for your good.

In The Duke, players move their troops (tiles) around the board and flip them over after each move. Each tile’s side shows a different movement pattern. If you end your movement in a square occupied by an opponent’s tile, you capture that tile. Capture your opponent’s Duke to win!
