## BATTLETECH STRATEGIC OPERATIONS™

*BattleTech Strategic Operations™* is the rulebook for advanced rules aerospace assets that open the entire conquest of a solar system.

**Series / Type:** *BattleTech* / Core Rulebook

**Compatibility:** Aerospace advanced rules requires *BattleTech Total Warfare*. *Tactical Operations* is recommended for enhanced play. *BattleForce* rules are a stand-alone game play system not requiring any other books.

### Selling Points:

- A complete game system—*BattleForce*—allows players to use their existing miniatures and mapsheets to play quick, fast-paced *BattleTech* games, from companies to battalions and even regiments
- Includes new aerospace movement, combat and advanced aerospace unit construction rules
- Comprehensive maintenance, salvage, repair and customization rules allows players to map out extended campaigns
- Includes miniature rules for playing without gridded map sheets, in a way that is familiar to *MechWarrior: Age of Destruction* players
- All new presentation, including hard cover, full-color

### Promotion:

- A strong network of multi-language websites constantly updating with material and news from *BattleTech.com*
- Advertised in *Game Trade Magazine* and *Greater Games Industry Catalog*.

### Target Market:

- Current *BattleTech* players
- Lapsed *BattleTech* players looking to return
- Cross-over players from other table-top miniatures games

### Up-Sells & Cross-Sells:

- *Total Warfare* [CAT35001]
- *TechManual* [CAT35002]
- *Tactical Operations* [CAT35003]
- *Technical Readout: 3075* [CAT35130]
