TECHNICAL READOUT: 3060™

BattleTech Technical Readout: 3060™ returns one of last the FASA-era Technical Readouts to active publication. It provides a wealth of designs that still play an active role in the present *BattleTech* timeline whose histories and development have been out of print for close to ten years—including the first look at the Clans combat vehicle and their newly revealed ProtoMech technology. This reprint includes a new cover, and errata worked in throughout.

Series/Type: *BattleTech*/Core Supplement

Compatibility: Can be used by any *BattleTech* player.

Selling Points:

- The *BattleTech* Technical Readout is the best selling series of books ever published for *BattleTech*.
- *Technical Readout: 3060* has been out of print for half a decade, although many of its featured BattleMech, vehicle and the newly developed ProtoMech designs remain active in the current setting.

Target Market:

- Current *BattleTech* players
- Lapsed *BattleTech* players looking to return
- Cross-over players from other tabletop miniatures games.

Up-Sells & Cross-Sells:

- *Total Warfare* [CAT35001]
- *TechManual* [CAT35002]
- *Technical Readout: 3075* [CAT35130]
